

LDC COVID-19 Guidance Form

In light of the current situation we all find ourselves in, we have introduced the following measures, to ensure the safety of all. Please carefully read through, and let us know if you have any questions or concerns.

- All guests will be required to sanitise when entering the building. You will find sanitising wipes and liquid in the entrance way. Sanitising liquid is also available throughout the building, including the toilet based within the shop, and we encourage you to make use of it whenever you feel necessary.
- Any shop purchases must be made by card – no cash allowed
- We are lucky in that our building is very big, therefore, there will be plenty of room for the tour group to comfortably spread out, and adhere to social distancing.
- We insist that the entire group wear face coverings throughout the tour, to help all tour guests feel safe and protected.

PLEASE NOTE: you will not be able to enter the building, and will be asked to leave the building, unless you are wearing a face covering.

Please email the completed form to covid19@lotusdriversclub.org.uk.

In the event that you should develop any symptoms of COVID-19 prior to your visit you MUST inform the Lotus Drivers Club immediately.
